STOW-AWAY MAG POUCH

WRB USA

The Stow-Away from WRB is perfect for storing, organizing, and transporting. It is constructed of heavy-duty 1000-denier cordura nylon, and heavily padded to help protect your valuable magazines. It is available in three sizes to hold four, six or nine mags. All pouches have reinforced seams and Velcro closures. For more info: (888) 824-2899 or www.americanhandgunner.com/productindex.

DETUNE COM 640 MUFFS

Elvex Corp.

Elvex's newest electronic earmuff, the DeTune-Com-640, is designed to improve communications in noisy environs. The DeTune allows the user to adjust the frequency range that is transmitted through the circuitry and speakers. In

addition to the user-controlled filters, the DeTune will automatically activate an impact filter in case impulse sounds such as gunfire, or rivet operations occur. For more info: (800) 888-6582 or www.americanhandgunner.com/productindex.

AWP MODEL 1911

C.O. Arms

C.O. Arms introduces an all-new model to their line of 1911 pistols, the AWP or All Weather Pistol. The

AWP sports an all black Carry Tuff finish that protects the gun from all types of weather conditions, rust and scratches and is easily cleaned with just a cloth wipe down. The AWP features XS Express Big Dot sights, a solid adjustable trigger and Commander-style hammer. The MSRP is \$1,599. For more info: (206) 888-2899 or www.americanhandgunner.com/productindex.

AR-REST

Montie Design

The AR-Rest is the latest shooting rest by Montie Design. It provides a stable shooting rest for repeatable and accurate shots. The height of the rest is ideal for firearms with high-capacity (30 round) magazines, yet it is lightweight and ideal for situations where extra weight is not acceptable. For more info: (919) 481-7845 or www.americanhandgunner.com/productindex.

BUCK MARK HOLOGRAPHIC SIGHT

Browning

Introducing the new Buck Mark Holographic Sight that matches up great to the Buck Mark Pistols. The new sight features a rugged aluminum housing with a black matte finish. Four reticle patterns include: circle-dot-cross, 3-MOA-dot, cross-dot and circle-dot. The sight is powered by one #2032 lithium battery and mounts to a standard Weaver-style base. MSRP is \$49.99. For more info: (801) 876-2711 or www.americanhandgunner.com/productindex.

CCW PANTS

CCW Breakaways

The CCW Breakaway Pant introduces a new method for concealed carry and a new era in tactical proficiency. Normal looking business and casual clothing is the key. No un-tucked shirt, vest, jacket or extra clothing to cover the weapon is needed. These pants are covert without the "Tactical Operator" look. The Breakaways Pant lets you stand, fight, run, jump, kneel squat or sit with ease of comfort in any position. For more info: (717) 774-2152 or www.americanhandgunner.com/productindex.

COPPER-CORE CT2 ROUND

Extreme Shock

Extreme Shock has taken the initiative to produce a more cost-efficient self-defense round. By enhancing the core design, engineers have been able to design the bullet to fragment as expansively as the tungsten core munitions. The CT2 Round is ideal for a person who wishes to protect his life and the lives of his family. For more info: (276) 926-6772 or www.americanhandgunner.com/productindex.
