Khakis & Cargos have a classic comfort-fit and are constructed to carry and conceal nearly all firearm sizes.

Jeans are a traditional relaxed-fit wear, designed to carry and conceal compact semi-automatics, J-Frames and similar revolvers. Built-in, disguised holster-pockets with enlargeable openings provide the fastest draw – deepest concealment – most comfort.

Khakis

Cargos

Jeans

- **faster-than-holster** ability
- one-handed draw allowing for a full gun grip in concealment w/o “telegraphing” intent
- rapid deployment whenever needed (0.66 seconds)
- beat your adversary in the speed race for “who gets their weapon into operation first”

- **deeper concealment**
- “normal-looking” clothes
- covert and tactical proficiency w/o tactical-styling or appearance.
- no distinguishing or identifiable logos

- **comfortable carry**
- body mechanics based design for carrying below the hip line-of-flexure to prevent gun pinching around the waistline
- ergonomically dynamic draw from standing or seated positions

- **accessories platform**
- MagSocks efficiently position spare: magazines, lights, knives, etc.
- modular design accommodates left & right hand users
- TriggerGuardShields add safety and improve concealment
